# What they say

We had our wedding at the Westville this month. It was an amazing day. The hotel was fantastic and provided a first class service. From the first day we made the enquiry we had excellent communication from the hotel. Mary & Ciaran in particular looked after us very well and gave us lots of practical advice about the wedding day. The food was beautiful and our guests commented on how well they were treated by the staff. The room where the marriage ceremony was performed was decorated by the hotel and was stunning. I can honestly say we could not have a better venue for our special day.

My husband and I had the absolute privilege of holding our wedding reception in the Westville in August. Our day was perfect for all the normal reasons but the Westville definitely has to be singled out. From the lead up to the actual day and afterwards we were so well looked after by Nicky, Gavin and Mary. Their help and advice was second to none. Especially on the day itself, where it was very clear everyone knew exactly what they were doing. All the staff in the hotel from bar staff to waiting staff, receptionists and cleaners were polite, helpful and extremely attentive. The food also has to be mentioned and one word sums it up... *Amazing*. We had a large number of guests who travelled to Enniskillen for the wedding and who took advantage of the excellent 3 night special that the hotel offered. Each and every single one of them were treated just as we were and all of them are still raving about the Westville. I honestly can't say enough positive things about this hotel but everyone should definitely try it out and I would 100% recommend it as a perfect wedding venue.

We recently had our wedding reception in the Westville and I have to say that the service we received on every visit was second to none. There was nothing that was too much trouble for the staff, both on the build-up to the day and on the day. All the staff really made us feel relaxed and comfortable. Although there are no grounds to the hotel, it really makes up for it both with decor and service and ample places within the hotel to get great photos. Castle Coole is just a few minutes away and our photographs turned out beautifully. We would definitely not change our minds. The food was absolutely delicious and our guests still comment on it every time we see them. The function room was set up beautifully and I would definitely recommend the Westville to anyone who wants a hassle-free, gorgeous and memorable day.
